Points to note – worth a mention

Off Road

Sarah and Helen C were the only 2 to complete 6 of the required off road races. Had Luisa completed one more she would've just pipped Sarah.

Mike Ashby nearly caused Hayley to lose the off road championships by a late entry to the Bowstones fell race – one point separated myself and Hayley in the end.

Jackie C obtained maximum number of points possible in this competition – scoring 21 points in all her qualifying races.

Road

None of the senior ladies completed 2 races from each section – Sarah scored the highest number of qualifying points when using the rules but was a half marathon short of qualifying – although she ran a marathon instead.

Only 2 points separated Helen A and Anne at the end of the road champs.

Having led all the way through, Jackie was a half marathon / 10 miler short of taking the road title.

Overall Champs

Sarah beat Luisa by 32 points

Only 14 points between Helen A and Anne

Only 20 points between Helen R and Jackie
